PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 1+ year of hands-on experience building, optimizing, and shipping modern web applications using React.js and JavaScript (ES6+). Completed 4 client and personal projects from concept to production, focusing on mobile-first responsive design, fast load times, and clean component architecture. Proficient in Tailwind CSS, Bootstrap, Git, Cloudflare Pages, and Vercel. Strong communicator with a proven record of meeting every client deadline.

TECHNICAL SKILLS

Frontend Languages: JavaScript (ES6+) | HTML5 | CSS3 | JSX

Frameworks & Libraries: React.js | Tailwind CSS | Bootstrap

Tools & Version Control: Git | GitHub | VS Code | npm

Deployment Platforms: Cloudflare Pages | Vercel | GitHub Pages

Hard Skills: Responsive Design | UI Development | Component Architecture | Performance Optimization | Cross-browser Testing | SEO Markup

Soft Skills: Client Communication | Problem Solving | Attention to Detail | Time Management | Self-directed Learning | Adaptability

PROFESSIONAL EXPERIENCE

WordPress Developer Intern

2023 | 6 Months

Independent / Freelance | India

- Customized 3 client websites using WordPress, cutting average page load time by 30% via theme and plugin optimization
- Revamped CSS layouts across 3 projects, achieving 100% mobile responsiveness on all screen sizes tested
- Collaborated with clients to capture requirements and shipped all projects on schedule with zero post-launch revision requests
- Built a strong foundation in website architecture, SEO-friendly semantic markup, and cross-browser compatibility

Associate Customer Support

2022–2023 | Full-time

Tech Mahindra | India

- Handled 50+ technical queries and user issues per shift, maintaining a consistent 95%+ first-call resolution rate
- Diagnosed and troubleshooted software problems systematically, slashing average resolution time by 20%
- Coordinated with Level 2 engineering teams to escalate and close 100+ complex product issues efficiently

PROJECTS

MLI Website

<https://mli-1op.pages.dev/>

Client Project | React.js | Tailwind CSS | Cloudflare Pages | 2024

- Architected a fully responsive, production-ready site in React.js and Tailwind CSS, hitting sub-2s load time on launch
- Improved Lighthouse performance score by 35% through image compression and lazy-loaded component rendering
- Implemented intuitive navigation and visual hierarchy, boosting estimated user session duration significantly

Noxx Fitness Website

<https://noxx-fitness-tigri-golchakkar.pages.dev/>

Client Project | React.js | Tailwind CSS | Cloudflare Pages | 2024

- Engineered a high-conversion fitness brand landing page with mobile-first layout targeting 5+ device form factors
- Built 10+ reusable React components, reducing estimated future update effort by 40%
- Strengthened brand consistency across the site through a unified design system covering typography, colors, and spacing

TechWithPaaji Website

<https://techwithpaaji.in/>

Personal Project | React.js | Responsive Design | 2024

- Constructed a fully responsive frontend with 8+ modular UI components for long-term maintainability
- Verified 100% cross-device and cross-browser compatibility through testing across 6+ device configurations
- Structured semantic HTML for optimal readability, accessibility compliance, and search-engine indexing

Portfolio Website

<https://darshndev.in/>

Personal Project | React.js | Vercel | 2024

- Crafted a modern personal portfolio from scratch in React.js, showcasing 4 live projects with detailed case notes
- Configured CI/CD on Vercel so every GitHub commit triggers an automatic zero-downtime production deployment
- Achieved a 90+ Lighthouse score through code splitting, lazy loading, and optimized asset pipelines

KEY ACHIEVEMENTS

- Shipped 4 production web projects independently — all launched on schedule with zero critical post-launch bugs
- Raised page performance by up to 35% across client work through targeted React and asset-level optimizations
- Sustained a 100% on-time delivery rate across all freelance engagements, earning repeat client trust
- Continuously expanding skills in React.js ecosystem, Tailwind CSS, and modern frontend engineering practices

EDUCATION

Bachelor of Computer Applications (BCA)

Expected: 2027
